### IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

CITY OF GREGORY has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing and did to correct these situations.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During July 1 through September 30, 2022, we did not complete all monitoring or testing for Lead and Copper and therefore cannot be sure of the quality of your drinking water during that time.*

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for Lead and Copper, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples were taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were or will be taken
<i>Lead and copper tap water sampling</i>	<i>2 years</i>	<i>20</i>	<i>07/01/2022 – 09/30/2022</i>	<i>3/15/2023</i>
<i>Lead and Copper entry point sampling</i>				
<i>Water quality parameters</i>				

#### **What is being done?**

We are working to correct the problem by doing follow-up sampling which was done March 15, 2023. For more information, please contact Norma S. Garcia at 361-643-6562 or email: [norma.garcia@gregorytx.com](mailto:norma.garcia@gregorytx.com)

*Please share this information with all other people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.*

This notice is being sent to you by: Norma S. Garcia, City Secretary

Public Water System Number: TX 2050001

Date distributed: Posted on City Website – March 24, 2023
